

DAM OPERATORS FORUM 2022

STRATHGORDON TASMANIA
12-14 SEPTEMBER 2022

YOUR OPPORTUNITY TO PARTNER WITH ANCOLD

INVITATION TO SPONSOR

The forum is open to dam operators of all sizes to participate in a series of presentations, open forum discussions, and site visits to some of Tasmania's most impressive infrastructure to share successes and learnings from the operation of assets of all sizes. This national forum aims to bring together the 'boots on the ground' for water dams to openly discuss their experiences with the outcomes of improving dam management systems, dam safety, and the expansion of and enrichment of the national operator community.

Situated at the Pedder Wilderness Lodge in Strathgordon in Central Tasmania adjacent to Lake Pedder, attendees will enjoy the remote lakeside atmosphere and be able to see the results of some of Tasmania's greatest engineering accomplishments over the last century. Strathgordon is also home to the largest lake in Australia and the tallest arch dam in Australia which will be the focus of the site tour on the second day.

Your sponsorship investment in this forum provides your organisation with a networking opportunity for a very specific sector of the water industry, and allows you to meet and mingle with a small group of delegates in a relaxed and social environment. I do hope you will consider joining me at the 2022 ANCOLD Dam Operators Forum.

Tom Ridgway
2022 ANCOLD Dam Operators Forum Convenor

LOCATION

The ANCOLD 2022 Dam Operators Forum will be held at the Pedder Wilderness Lodge in Strathgordon.

Strathgordon is located on the banks of Lake Pedder on the edge of Tasmania's World Heritage Wilderness area and surrounded by a spectacular landscape with vast expanses of water, forested islands and distant snowy peaks. Just a 2.5 hour drive from Hobart and you'll find yourself in some of the most remote wilderness found anywhere in the world. The 90 kilometre drive from Maydena to Strathgordon winds through some of the most stunning scenery you'll ever see.

The surrounding Southwest National Park is Tasmania's largest national park and is home to stands of rare Huon pine and a world of endemic plant and animal species. The Gordon Dam is a short ten-minute drive from the Lodge.

Pedder Wilderness Lodge was originally built to house Hydro employees working on the Gordon Power Station, so what better place to hold our Dams Forum!

**DAY 1:
MONDAY 12
SEPTEMBER**

Welcome to Country and introduction
ANCOLD Executive Meeting
Lunch
Session 1: Flood Forecasting
Afternoon refreshments
Sponsor presentation
Session 2: Operational Management
Sponsor Presentation
Planning for tomorrow and dinner
Day close and housekeeping

- One full registration to attend the Forum (including the dinner and site tour)

APPLIANCE TESTING

All electrical appliances and leads used on site must comply with the Australian Standard AS/NZ 3760:2010, which requires the appliance to be inspected, tested and tagged. Items that do not comply will not be permitted to be used on site. Electrical items such as switchboards, cables and outlet fittings must comply with the Australian electrical wiring standard AS/NZS 3000:2007, and be installed by a qualified A grade electrician. Note: Double adaptors will not be permitted on site, instead power boards with overload cut off are permitted. The venue is at liberty to check that the electrical appliances that you bring on site are appropriately tagged.

EVENT SPONSORSHIP AND EXHIBITION APPLICATION TERMS AND CONDITIONS

A full set of terms and conditions for conference sponsorship and exhibition packages are available on the conference website. When you complete the online acceptance form, you will be required to acknowledge your agreement to these terms and conditions to complete the submission process
